

# Turnout Blanket Extra Coverage Guide

When choosing extra coverage for your turnout, you have **2** options...

## COMBO

Permanently attached neck cover **fully** covers the mane.

Prevents leakage & **ensures total protection** in wet & windy weather.

## HIGH NECK

High extended neck **partially** covers the mane.

Guards against leakage & provides **greater protection** in wet & windy weather.

---

Both styles **cover the shoulders & wither fully** with a small neck opening and upright neck line.
