

# Turnout Blanket Style Guide

When choosing a belly closure for your turnout, you have **2** options...

## BELLYBAND

A bellyband closure provides **greater warmth and coverage**

## CRISSCROSS SURCINGLE

A traditional crisscross surcingle closure provides **stability**

*Both closure options include:*

- **Rubber locking bands** to keep the hardware securely closed while on your horse
- **Detachable, adjustable elastic leg straps** to prevent shifting, keeping the blanket centered on your horse
